

BALLPLAYER

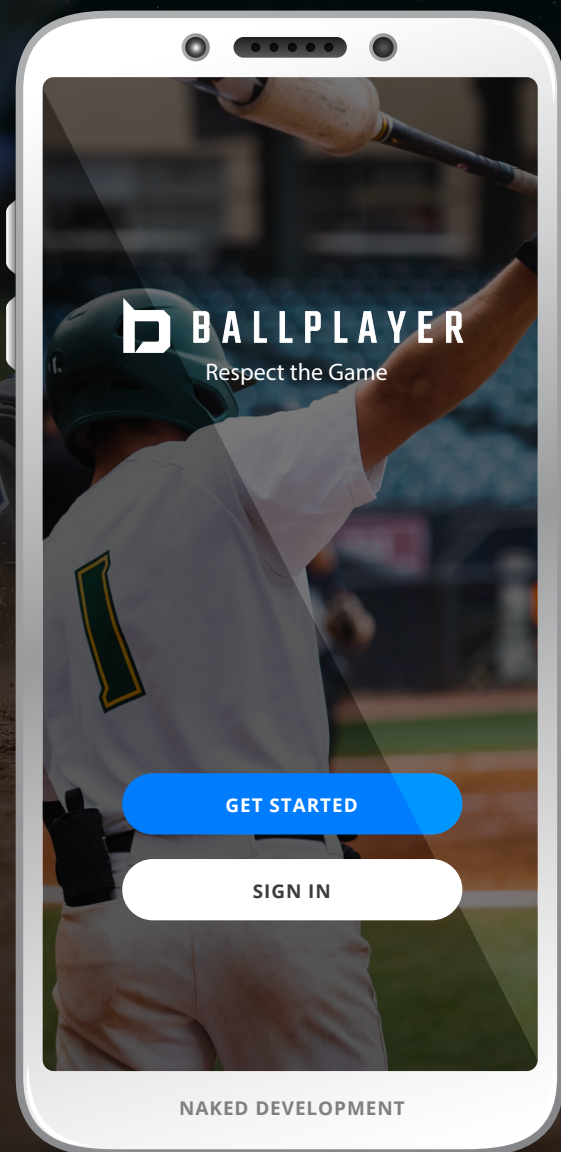

Developed by **BASEBALLISM** 

# ALL-IN-ONE TOURNAMENT MANAGEMENT

#1 BASEBALL + SOFTBALL TOURNAMENT MANAGEMENT APP

## COMPLETELY FREE

Ballplayer is highly beneficial for tournament directors, streamlining tournament creation with customizable brackets, easy team invitations, and efficient management tools. It facilitates promotion, real-time scorekeeping, and effective communication with teams and followers, ensuring a well-organized and successful tournament experience.

## FEATURES

### COMPREHENSIVE CREATION

Tournament directors can easily create complete tournaments, choosing from various bracket styles and managing all aspects, from invitations to game scheduling.

### TOURNAMENT DASHBOARD

Tournaments can be followed by participants and fans, who gain access to a user-friendly dashboard for updates on schedules, standings, and brackets.

### EFFECTIVE COMMUNICATION

Easy and direct communication is available with team managers, and broad announcements can be made to everyone following the tournament.

### FLEXIBLE TEAM INVITATIONS

Directors have the option to invite teams directly or allow teams to request to join for publicly in-app promoted tournaments.

### TOURNAMENT PROMOTION

The app facilitates the promotion of tournaments, with the option to automatically notify teams about new tournament opportunities.

### VERSATILE SCOREKEEPING

Scorekeeping can be done within the app by teams or scores can be manually uploaded post-games. Tournaments can also be managed by multiple admin.
